

**WATER OVERFLOW
DAMAGE TO STREET
DRAWS CITY ACTION**

Water from an overflowing tank in Walteria already is damaging the newly paved Newton st., it was reported to the City Council Tuesday night by the Walteria Civic Association.

The council asked City Clerk A. H. Bartlett to notify the Quandt Pumping Co., owners of the tank, that the firm will be held accountable for any damage done by the water.

**Torrance High
Faculty Party
In Los Angeles**

March 15 is the date when the Torrance high school faculty and business staff will hold its annual party at Karl's, on Vernon and Crenshaw.

The staff and faculty members will be accompanied by their families.

Last year's party was held at Eaton's Chicken House on Wilshire boulevard.

Two years ago the party was held at the Pines on Prairie and 180th street.

The United States is the only country in the world that has enough of the important minerals used in industry to care for its needs.

ASKS RELECTION . . . Senator William F. Knowland, World War II veteran and assistant publisher of the Oakland Tribune, will seek reelection to the United States Senate. He was appointed to fill out the term of the late Hiram Johnson, last August.

**Plans Made For
Annual Of THS;
'Tartars' Theme**

Plans are under way for the Torrance high school annual. The art students on the staff have drawn pictures portraying the history of the Tartars as the theme.

This yearbook is under the direction of Miss Ethyl Burnham, English teacher. The position of editor is held by Vivian Oliver, and two assistant editors are Marjorie Rose and Lois Severin. The business manager is Ralph Jakubowski. Sports are being handled by Bud Smith. The Senior class is in charge of Jeanette Probert and other classes will be handled by Polly Robinson. Faculty is being taken care of by Harriet Graves. Those doing the art work are Glenna Reid and Dorothy Moore. Snapshots of the campus and of students are being submitted to Joy Begue.

**Easier Now For
Veteran To Enter
Taxicab Business**

It's going to be easier from now on for veterans to enter the taxicab business.

This cheering possibility loomed today as plans were formulated by the Board of Supervisors to invite veterans organizations to nominate representatives to serve on a county government committee which will be organized to facilitate such entries.

The board passed a resolution by Supervisor John Anson Ford instructing the chief administrative officer of the county to ask the county council of the American Legion, the Veterans of Foreign Wars, and other leading veterans groups to confer with the county officials on the taxicab situation in Los Angeles county.

Ford's resolution pointed out that there is a wide variation in the restrictions set up by various municipalities within the county, and that a joint committee composed of the county manager, the county council and veterans representatives should get together in an effort to "clarify the taxicab situation and promote more attractive business opportunities for the returned veterans and render acceptable service to the public."

**County Plans
For Highways
Unworkable**

County interest in two highway projects in Torrance was indicated Tuesday night at the City Council meeting.

The Regional Planning Commission asked that the city protect the right-of-way for Del Amo street through Torrance, proposed as a 100-foot highway. This is too late, it was pointed out, because already one subdivision has prevented such a right-of-way. Del Amo would be an extension of 203rd st., through from Long Beach to the ocean.

Supervisor R. V. Darby suggested that the city might use some of its \$88,000 state aid funds, under Assembly Bill 60, for the opening of Western ave. through Torrance, but it was pointed out the state funds are earmarked first for sewers. Torrance has many sewerage projects which have priority on the funds under the new law.

**CHAMBERS TO
MEET TONIGHT**

Harbor District Chamber of Commerce will meet tonight in Hawthorne, according to Pat MacDonnell, president of the body.

MacDonnell is secretary of Gardena Valley Chamber of Commerce, and it is expected that several Torrance civic leaders will attend the affair.

**2189 Services
Rendered Vets
During February**

The Torrance Area Veterans Service Center rendered 2189 services to veterans and their dependents in the month of February, 1946. This is the largest amount of services rendered in any month since October, 1945.

Employment, schooling, housing and apprenticeship training lead the requests that have come from the returning veteran.

The apprenticeship training program is to be stimulated and Archie J. Mooney, secretary of the California Industrial Commission is now completing plans to improve this program. It is felt that there are opportunities in every community, especially in smaller businesses where apprenticeship training may be used. It will take the support of the entire community to make such a program click, J. G. Caldwell, director said.

The Torrance Area Veterans Service Center will have complete information about the improved plan for developing apprenticeship openings for veterans in our community in a few days, he said.

CAPTAIN COOK

The first person known to have sailed within the Antarctic circle, was Captain Cook, who reached the southernmost point reached by him on January 30, 1774.

SEEKS STATE OFFICE . . . Edward S. Shattuck, Los Angeles attorney, has announced his candidacy for the office of Attorney General of California. He was a lieutenant colonel in the Army during World War II.

**VETERANS TO GET
PREFERENCE UNDER
CIVIL SERVICE**

Veterans seeking jobs with the City of Torrance will secure the same 10 per cent credit on civil service examinations which they now get on state, county or federal examinations.

The City Council agreed to a change of the Civil Service Board regulations to allow the veterans preference ratings, according to law.
